

# Co-working Space, the Alternatives for Corporate Event

**N**owadays, the trend of Co-Working Space is the hot issue which transforming from a space for reading, working, small office or small place for meeting. In present day, many events began to organize at these spaces. Many organizers are looking for novelty for raising the event which Many Co-Working Spaces has an outstanding modernize design which fit for the unique event with strong characteristic. Co-Working Space always put an investment on facilities, equipment, infrastructure or high-speed internet to be readied for work and event. One of the essential factor is these Co-Working Space usually set around the downtown area which easy for transportation. From our sources, there are many Co-Working Space in Bangkok that ready and suitable for arranging the event. TCED has chosen 5 Co-Working Spaces which could arrange for small event with more than 20 people to 100 people. This is a wise choice for new age event marketing expert who's looking for different to arranging the event. The spaces are as follows;
